- One of the fastest selling books on Art and Fashion

Book Description

As the cornerstone of *Women's Wear Daily's* fashion illustration department for over 30 years, Kenneth Paul Block witnessed and recorded one of the most important periods in fashion history.

Drawing Fashion is the first monograph on the artist and brings together a lifetime of drawings, watercolours, and observations.

Whether drawing the latest from Balenciaga, Chanel, and Saint Laurent or sketching sensational portraits of Gloria Vanderbilt and Jacqueline Kennedy Onassis, Block's style is unmistakable, and captures a critical moment in time when fashion, art, and commerce coincided
